

# Final Section 368 Energy Transmission Corridors and Existing/Proposed Coal Plants in the Western United States

Coal Power Plants (as of June 2009, some locations are approximate)

-  Existing
-  Proposed
-  Proposed, Recently Withdrawn

Potential Energy Corridor on Federal Lands - WWEC Final PEIS\*

-  Corridor follows existing ROW (electrical transmission, pipeline, road or railroad).
-  Corridor does not follow existing ROW.

\*Corridor centerlines, rather than actual corridor footprints, are depicted.

Likely Continuation of Energy Corridors on all Lands (approximate location)
