

The Arctic Refuge Coastal Plain

A realistic surface development scenario under Alternative B
(consistent with BLM's interpretation of the 2,000-acre surface disturbance limitation)

Oil development

Symbols are not to scale

- Central processing facility
- Well pad
- Pipeline and road connections
- Gravel mine
- Seawater treatment plant
- Barge landing

- Arctic Refuge coastal plain 1002 Program Area¹
- Areas excluded from leasing program area in DEIS²

¹ Also available for 3-dimensional seismic exploration.

² Native-conveyed, native-selected, excluded from Public Law 115-97, and native or other mineral ownership.

Scale varies in this perspective. The 1002 Program Area extends approximately 100 miles east to west.
